

Domain	Sub-domain	Indicator Name	Indicator Description	Higher/ lower value is better for wellbeing	Type	Year	District data available	Source(s)	Indicator calculation by CTP
<b>LOCAL CONDITIONS</b>									
Place & Environment	Local Environment	Access to Private Outdoor Space	Percentage of addresses with access to private outdoor space	Higher	Same as last year	2020	Yes	Office for National Statistics	
	Local Environment	Distance to Public Outdoor Space	Average distance (in metres) to the nearest park, public garden or playing field	Lower	Same as last year	2020	Yes	Office for National Statistics	
	Local Environment	Access to Woodlands	Percentage of the population with access to woodland (2 hectares or larger) within 500 meters of where they live	Higher	Same as last year	2020	Yes	Woodland Trust	Yes
	Local Environment	Air Pollution - PM 2.5	Annual concentration of PM 2.5 (fine particulate matter) at an area level, adjusted to account for population exposure	Lower	Replacement	2021	Yes	Fingertips Public Health Data	
	Local Environment	Air Pollution - Nitrogen dioxide (NO2)	Annual mean nitrogen dioxide concentrations per person. Based on data from modelled concentrations of oxides of nitrogen from DEFRA	Lower	Same as last year	2020	Yes	Department for Environment, Food and Rural Affairs	Yes
	Local Environment	Exposure to Transport Related Noise	Average percentage of the population exposed to transport noise from road, rail and air of 65 decibels (A-weighted) or more (covering day and night). Based on modelled data.	Lower	Same as last year	2016	No	Fingertips Public Health Data	Yes
	Local Environment	Flood Risk - Properties	Percentage of properties with a greater than 1% annual risk of flooding from rivers or sea, taking into account local flood defences	Lower	New	2020	Yes	National Audit Office	
	Transport	Active Travel - Adults	Percentage of adults (aged 16 and over) walking or cycling for travel at least three days per week	Higher	Same as last year	2019/20	Yes	Fingertips Public Health Data	Yes
	Transport	Car Travel - Per Capita	Amount of car travel per person, measured in thousands of miles	Lower	Updated	2022	No	Department for Transport	Yes
	Transport	Journey Times to Key Services	Average journey time by public transport or walking to schools (primary and secondary), food shops and GP	Lower	Same as last year	2019	Yes	Department for Transport	Yes
	Transport	Traffic Collision Rate	Recorded road collisions per 1000 population (all ages, usually resident)	Lower	Updated	2022	No	Department for Transport	Yes
	Safety	First Time Youth Offenders	Number of 10 to 17-year-olds entering the justice system for the first time per 100,000 population, based on youth caution or court sentence recorded by the police	Lower	Updated	2022	No	Ministry of Justice and related services	
	Safety	Crime Severity Index	Index score based on offences per capita, with more severe offences given greater weight in the calculation	Lower	Updated	2022/23	Yes	Office for National Statistics	
	Safety	Domestic Abuse Rates	Domestic abuse related crimes recorded by the police per 1000 people	Lower	Updated	2022/23	No	Office for National Statistics	
	Safety	Perceived Safety After Dark - Adults	Mean score on survey question on feeling safe walking alone after dark among adults (aged 16 and over)	Higher	Updated	2020-2022	No	Understanding Society Survey*	Yes
	Housing	Noise Complaints	Annual number of noise-related complaints per 1000 people	Lower	Updated	2020/2021	Yes	Fingertips Public Health Data	
	Housing	Poor Housing	Proportion of social and private homes that fail to meet the Decent Homes standard (modelled estimate)	Lower	Same as last year	2019	Yes	Index of Multiple Deprivation	

Domain	Sub-domain	Indicator Name	Indicator Description	Higher/ lower value is better for wellbeing	Type	Year	District data available	Source(s)	Indicator calculation by CTP
	Housing	Housing Affordability Ratio - Ownership	Ratio of median house price to median gross annual (or annualised weekly) workplace-based earnings.	Lower	Updated	2022/2023	Yes	Office for National Statistics	
	Housing	Homelessness Levels	Number of households assessed as homeless per 1000 households	Lower	Updated	2022	Yes	Department for Levelling Up, Housing and Communities, Ministry of Housing, Communities and Local Government	Yes
Mental & Physical Health	Healthy & Risky Behaviours	Obesity/Overweight - Children (Year 6)	Percentage of 10 to 11-year-old children who are 'classified as 'overweight' or 'obese' based on their BMI	Lower	Updated	2022/23	Yes	Fingertips Public Health Data	
	Healthy & Risky Behaviours	Obesity/Overweight - Adults	Percentage of adults (aged 18 and over) classified as 'obese' or 'overweight'	Lower	New	2021/22	Yes	Fingertips Public Health Data	
	Healthy & Risky Behaviours	Conceptions in Under 18s	Pregnancies among under 18 females, expressed as a rate per 1000	Lower	Updated	2021	Yes	Fingertips Public Health Data	
	Healthy & Risky Behaviours	Physical Activity - Adults	Percentage of adults (aged 19 and over) who say they are active at moderate intensity for at least 150 minutes per week (CMO recommended minimum level)	Higher	Updated	2022/23	Yes	Fingertips Public Health Data	
	Healthy & Risky Behaviours	Eat 5-a-Day - Adults	Percentage of adults (aged 16 and over) who said they ate five or more portions of fruit or vegetables the previous day	Higher	Updated	2022/23	Yes	Fingertips Public Health Data	
	Overall Health Status	Activity-Limiting Disability - Working Age Adults	Percentage of working age population (aged 16-64) with a long-term disability that significantly limits their daily activities (EA core disabled)	Lower	Updated	2022	Yes	Nomis (Office for National Statistics)	
	Overall Health Status	Illness and Disability	Indicator of work limiting illness and disability, based on those receiving benefits due to inability to work through ill health (this measure is age and sex standardised)	Lower	Same as last year	2019	Yes	Index of Multiple Deprivation	
	Mortality and Life Expectancy	Healthy Life Expectancy	Average number of years a newborn is expected to live in good health, based on current mortality rates and prevalence of self reported good health	Higher	Replacement	2018-2020		Fingertips Public Health Data	Yes
	Mortality and Life Expectancy	Years of Potential Life Lost	Measure of 'premature death' (defined as before age 75, from any cause), where deaths at a younger age are assigned a higher weight according to the number of years lost (this measure is age and sex standardised)	Lower	Same as last year	2019	Yes	Index of Multiple Deprivation	
	Mortality and Life Expectancy	Preventable Mortality	Rate of deaths from preventable causes per 100,000 population (under 75 years old), standardized to account for age variations	Lower	Updated	2020-2022	Yes	Fingertips Public Health Data	
	Mental Health	Depression Prevalence - Adults	Percentage of patients (aged 18 and over) with depression, as recorded on practice registers	Lower	Updated	2022/23	Yes	Fingertips Public Health Data	
	Mental Health	Long Term Mental Health Conditions - Adults	Percentage of respondents to the GP Patient Survey (aged 16 and over) reporting a long-term mental health condition	Lower	Updated	2022	Yes	NHS England	

Domain	Sub-domain	Indicator Name	Indicator Description	Higher/ lower value is better for wellbeing	Type	Year	District data available	Source(s)	Indicator calculation by CTP
	Mental Health	Severe Mental Illness - All Ages	Percentage of patients with severe mental illness (schizophrenia, bipolar affective disorder and other psychoses), as recorded on practice disease register	Lower	Updated	2022/23	Yes	Fingertips Public Health Data	
	Mental Health	Suicide Rate - Age 10+	Mortality from suicide and injury of undertermined intent per 100,000 population (aged 10 and over), age-standardised	Lower	Updated	2020-22	Yes	Fingertips Public Health Data	
Education & Learning	Adult Education	No Qualifications - Working Age Adults	Percentage of working age adults (aged 16-64) with no qualifications or level is unknown	Lower	Same as last year	2021	Yes	Nomis (Office for National Statistics)	Yes
	Adult Education	Lifelong Learning - Working Age Adults	Percentage of working age adults (aged 16-64) who have participated in education or training in the last four weeks.	Higher	Same as last year	2020/21	Yes	Labour Force Survey (Office for National Statistics)*	Yes
	Adult Education	Apprenticeship Starts - Adults	Number of people starting an apprenticeship per 1000 adults (aged 16 and over)	Higher	Updated	2022/23	Yes	Department for Education	Yes
	Adult Education	Adults with RQF3 or Above	Percentage of adults (aged 16-64) educated to RQF3 level or above	Higher	New	2023	Yes	Nomis (Office for National Statistics)	
	Children's Education	Educational Attainment - Key Stage 4	Average Attainment 8 Score in Key Stage 4 among state-funded school pupils	Higher	Updated	2022/23	Yes	Department for Education	
	Children's Education	School Readiness	Percentage of children achieving a good level of development at the end of reception (as a percentage of all eligible children)	Higher	Updated	2022/23	No	Fingertips Public Health Data	
	Children's Education	Nursery Quality Ratings	Percentage of nursery providers rated 'outstanding' or 'good' by Ofsted, 3 year average	Higher	Updated	2022/2023	No	Gov.uk / Ofsted	Yes
Work & Local Economy	Unemployment	Unwillingly Out of Work	Percentage of working age adults (aged 16-64) who want a job, who are either unemployed or economically inactive	Lower	Updated	2023		Nomis (Office for National Statistics)	Yes
	Employment	Good Jobs	Percentage of people who are on permanent or temporary contracts (not seeking permanent employment), who earn more than the Living Wage (Living Wage Foundation) and are not overworked (<49 h/week) or underworked (unwillingly working part-time)	Higher	Same as last year	2020/21	Yes	Labour Force Survey (Office for National Statistics)*	Yes
	Basic Needs	Income Deprivation Affecting Older People	Index score relating to the proportion of adults aged 60 and over living in income deprived households (defined as households that are out-of-work or who have low earnings and qualify for means tested benefits)	Lower	Same as last year	2019	Yes	Index of Multiple Deprivation	
	Basic Needs	Income Deprivation Affecting Children	Index score relating to the proportion of children aged 0 to 15 living in income deprived households (defined as households that are out-of-work or who have low earnings and qualify for means tested benefits)	Lower	Same as last year	2019	Yes	Index of Multiple Deprivation	
	Basic Needs	Low Wage (FT) Workers	Percentage of full-time employees with low relative income, defined as earning less than 70% of the UK median wage	Lower	Updated	2023	Yes	Office for National Statistics	Yes

Domain	Sub-domain	Indicator Name	Indicator Description	Higher/ lower value is better for wellbeing	Type	Year	District data available	Source(s)	Indicator calculation by CTP
	Basic Needs	Fuel Poverty	Percentage of households that experience fuel poverty based on the "low income, low energy efficiency (LILEE)" methodology	Lower	New	2021	Yes	Fingertips Public Health Data	
	Local Business	Local Business Diversity	Ratio of enterprises (defined as an organisational unit producing goods or services that has a certain degree of autonomy) to used local units (i.e. individual sites such as a factory or shop)	Higher	Updated	2023	Yes	Office for National Statistics	Yes
People & Community	Participation	General Election Turnout	Percentage of the eligible voting population who turned out (including postal votes rejected and votes rejected at count) at the 2019 election	Higher	Same as last year	2019	No	UK Parliament	
	Participation	Volunteering - Adults	Percentage of adults (aged 16 and over) who have volunteered with an organisation or charity at least once a month over the past year	Higher	Replacement	2018-2020	No	Understanding Society Survey*	Yes
	Participation	Social and Interest Group Membership - Adults	Percentage of adults (aged 16 and over) who say they are a member of a social or interest group or organisation**	Higher	Same as last year	2020-2022	No	Understanding Society Survey*	Yes
	Participation	No Internet Access/Use - Adults	Percentage of adults (aged 16 and over) who report having no access to the internet or never using it	Lower	New	2021-2023	No	Understanding Society Survey*	Yes
	Culture	Participation in Arts - Adults	Percentage of adults (aged 16 and over) who didn't attend any arts event, in person, in the last 12 months (e.g., theatre, cinema, art exhibition, comedy, etc.)	Lower	New	2023/24	Yes	Participation Survey	
	Culture	Participation in Libraries - Adults	Percentage of adults (aged 16 and over) who visited a public library building or mobile library, in person, in the last 12 months	Higher	New	2023/24	Yes	Participation Survey	
	Culture	Participation in Heritage - Adults	Percentage of adults (aged 16 and over) who visited a heritage site, in person, in the last 12 months	Higher	Replacement	2023/24	Yes	Participation Survey	
	Culture	Heritage Assets	An average of the Heritage Index scores for the historic built environment, industrial heritage and museums and archives	Higher	Same as last year	2020	Yes	RSA Heritage Index	Yes
	Community Cohesion	Social Fragmentation Index	Calculated from the percentage of 1-person households, people who are renting privately, people who have moved to their current address within the last year, people who are not living as a couple	Higher	Same as last year	2020	Yes	Annual Population Survey (Office for National Statistics)* and Nomis. Equation for social fragmentation developed Prof. Peter Congdon	Yes
	Community Cohesion	Hub Businesses	Number of retail, hospitality and arts businesses in the area per 1,000 people	Higher	New	2023	Yes	Office for National Statistics	Yes
	Community Cohesion	Neighbourhood Belonging - Adults	Percentage of adults (aged 16 and over) who agree or strongly agree with the statement "I feel like I belong to this neighbourhood"	Higher	Updated	2020-2022	No	Understanding Society Survey*	Yes

Domain	Sub-domain	Indicator Name	Indicator Description	Higher/ lower value is better for wellbeing	Type	Year	District data available	Source(s)	Indicator calculation by CTP
<b>EQUALITY</b>									
Gender		Gender Pay Gap	Absolute difference between median gross hourly earnings (excluding overtime) of men and women as a proportion of median gross hourly earnings (excluding overtime) of men	Lower	Updated	2023	Yes	Office for National Statistics	Yes
Ethnicity & Religion		BAME Representation - Local Councillors	Disparity between percentage of local councillors that are BAME (Black, Asian and Minority Ethnic) and percentage of population that is BAME in the area	Lower	Same as last year	2018	No	Operation Black Vote	
		Employment Inequality - Ethnicity	Difference in employment rates (among the working age population - aged 16-64) between those who feel they belong to a 'white' ethnic group and those who feel they belong to another ethnic group (including Black, Asian, Mixed and other ethnic groups)	Lower	New	2023	No	Nomis (Office for National Statistics)	Yes
Disability		Employment Inequality - Learning Disability	Gap in the employment rate between those who are in receipt of long term support for a learning disability (aged 18-64) and the overall employment rate (for 16-64)	Lower	New	2021/22	No	Fingertips Public Health Data	
		Employment Inequality - Long Term Health Condition	Gap in the employment rate (among the working age population - aged 16-64) between those with a physical or mental long term health condition and the overall employment rate	Lower	New	2022/23	No	Fingertips Public Health Data	
		Educational Inequality (Key Stage 4) - SEN Pupils	Difference in Attainment 8 scores between children with any identified special educational need (SEN) and those without any identified SEN	Lower	New	2022/23		Department for Education	Yes
Socio-Economic		Health Inequality by Deprivation	Slope Index of Inequality (SII) is a measure of how much life expectancy at birth varies by deprivation within a place, reported in average years	Lower	Updated	2018-2020	Yes	Fingertips Public Health Data	Yes
		Wage Inequality - Full Time Workers	Ratio of 80th to 20th earnings percentiles: a measure of difference in weekly earnings for full time workers (aged 16-64) between higher and lower earners	Lower	Updated	2023	Yes	Office for National Statistics	Yes
		Social Mobility - Free School Meals Eligible	Average of the 10 standardised indicators from the Social Mobility Index that measure academic achievement and quality of nurseries and schools for those eligible for free school meals	Higher	Same as last year	2014-16	No	gov.uk	Yes
		Educational Inequality (Key Stage 4) - Disadvantaged Pupils	Gap in Attainment 8 score between children who are classified as disadvantaged (including being eligible for free school meals or being care experienced) and those who are not	Lower	New	2022/23		Department for Education	Yes
		School Readiness - Free School Meals Eligible	Percentage of 5-year olds who are eligible for free school meals who achieved a good level of development at the end of reception (as a percentage of all eligible children with free school meal status)	Higher	New	2022/23		Fingertips Public Health Data	

Domain	Sub-domain	Indicator Name	Indicator Description	Higher/ lower value is better for wellbeing	Type	Year	District data available	Source(s)	Indicator calculation by CTP
Age		Not in Education, Work or Training - Age 16-17	Estimated percentage of 16 to 17-year-olds not in education, employment or training	Lower	New	2022/23		Department for Education	
<b>SUSTAINABILITY</b>									
Energy & Carbon		CO2 Emissions - Per Capita; Within LA Scope	CO2 emission estimates per capita, within the scope of influence of local authorities (across industry, domestic and transport sectors)	Lower	Updated	2021	Yes	Department for Business, Energy and Industrial Strategy	
		Domestic Energy Consumption - Per Capita	Average domestic energy consumption per capita (tonnes of oil equivalent)	Lower	Updated	2021	Yes	Department for Business, Energy and Industrial Strategy	Yes
		Housing Energy Efficiency Ratings	Percentage of newly registered lodgements with domestic energy performance certificates with EPC ratings of C or above	Higher	Updated	2023	Yes	Ministry of Housing, Communities and Local Government	Yes
		Renewable Electricity Generation - Per Capita	Amount of electricity produced from renewable energy sources (in kilowatt-hours) per person	Higher	Updated	2022	Yes	Department for Business, Energy and Industrial Strategy	Yes
Waste & Circularity		Household Waste - Per Capita	Collected household waste per person (kg)	Lower	Updated	2021/22	Yes	Department for Environment, Food and Rural Affairs	
		Household Recycling	Percentage of household waste sent for reuse, recycling or composting	Higher	Updated	2021/22	Yes	Department for Environment, Food and Rural Affairs	
Ecosystem Health		Non-Developed Land Loss	Proportion of all land that was non-developed (natural land use, agricultural, gardens, green spaces, water etc) in the previous year that is now developed	Lower	Updated	2022	Yes	Ministry of Housing, Communities and Local Government	Yes
		Tree Cover	Percentage of land in the area which is under tree cover	Higher	Updated	2022	Yes	TerraSulis via Friends of the Earth*	
Human-Environment Connection		Engagement with Natural Environment - Adults	Percentage of adults (aged 16 and over) that have visited 'green and natural spaces' in the past 2 weeks (modelled estimate)	Higher	New	2020-2023	Yes	Natural England
